

## REGISTRATION TAKES SLUMP ON COOL DAY

Columbus Day and Yom  
Kippur Also Have Ef-  
fect at Polls.

TOTAL REACHES 138,761

Figure for Three Days,  
440,746, Is Under Year  
Ago, but Above 1917.

BOTH PARTIES SATISFIED

Spirits in Number Turning Out  
Are Expected To-morrow  
and Saturday.

Total registration yesterday in this city was 138,761, making the grand total for the first three days 440,746. This is 51,616 less than a year ago but 158,559 more than 1917, the year of the last Mayoralty election, when women did not vote. Yesterday's total was 531 under the total registration for the day before.

The absence of women at the registration booths was noted yesterday in Harlem and The Bronx, but elsewhere, particularly in the neighborhood of Columbia University, women made a good showing. The light turnout was attributed to Columbus Day and Yom Kippur and also to the cold weather.

Leaders of both Republican and Democratic parties saw no cause for alarm at the slump and predicted that there will be a good showing to-morrow and Saturday. Saturday the booths will be open from 7 A. M. until 10:30 P. M. The figures for yesterday and for the first three days of 1921, 1920, 1919 and 1918 follow:

## CLUB WOMEN HEAR PRESIDENT'S REPORT

State Federation in Albany  
Holds Three Sessions.

BUFFALO, Oct. 12.—The New York State Federation of Women's Clubs held three sessions to-day in its annual convention here. Mrs. Walter S. Comly, president, read her report of the afternoon session, and this session was marked also by an address by John Barrett, formerly Director-General of the Pan-American Union.

Mr. Barrett said he had told President Roosevelt that the Pan-American Building in Washington would in time be not only a Pan-American building but a world building, and he said that the holding of the disarmament conference in this building will make a fact of his prophecy.

A new prize, to be known as the Mary Comly prize, in honor of the State president, was announced at the evening session by Mrs. Sherman Clarke, chairman of the Fine Arts Department. The winners of the poetry prizes were announced as follows:

First prize, \$15, to Hazel Reeve, 502 Eighth avenue, New York, for verses entitled "Butterflies."

Second prize, \$10, to Countess Cullen, a Negro boy living at 234 West 121st street, New York city, for verses entitled "In Memory of Lincoln."

The evening session was addressed by Dr. A. B. Brubaker of Albany, president of the Teachers' State College, and by Dr. William A. Martin of Buffalo.

### G. H. GREENE TO AID HOOVER.

WASHINGTON, Oct. 12.—Secretary Hoover to-day announced the appointment of Carl H. Greene of New York to head the newly created special division of the Department of Commerce.

## Wee Girls, Lost, Bare Sad Secret for Kind Uncle

GRACE and Gertrude Mason, 4 and 5 years old, respectively, of 51 Crescent street, Long Island City, lost their way yesterday and found their way to the Hunter's Point police station. Their uncle, Anthony Searpi, found them there, but the police said the children must identify him before they would permit him to take them home.

"You know me, don't you, Geni?" said Searpi. "You're Uncle Tony, and you owe mamma \$10."

## BUDGET DUE TO-DAY FOR FURTHER CUTS

Estimate Board Will Face Pro-  
tests and Suggestions  
From Public.

When the Board of Estimate meets to-day for a second public hearing on the budget for 1922 it will be with several important decisions already made as a result of the protests and suggestions made at the first hearing and that is in spite of the fact, according to the committee on non-partisan facts, that there were present at that hearing only one representative taxpayer and rent payer for each \$10,000,000 in the budget.

Those accomplishments are:  
The \$13,000,000 of school money expected from the State, which at first had not been counted in the budget total for schools, will be placed in, and at the same time it will be made clear that the net for New York city's taxpayers will be \$18,000,000 less.

Comparisons giving total costs from all sources, as well as from the budget, will be issued.  
Regular all year employees of the Department of Plant and Structures, which operates the ferries, buses and municipal trolley lines, will be properly budgeted instead of being lumped together in items for wages and temporary employees, as in the tentative budget.

The committee regards this last decision as important "because the question of public ownership and operation of utilities is a central question in the campaign and should not be confused by any preventable uncertainties in the budget making."

In addition to the foregoing it was made clear that the Hyman administration is not yet ready to risk its record breaking budget for next year to the approval of the voters on election day.  
David Hirschfeld, Commissioner of Accounts, who is making some budget investigations for the Mayor, announced he has been able to find ways of cutting at least \$1,600,000 from the \$354,000,000 total, as now proposed. He added that he expects to be able to chop the total down still further and, perhaps, approximate the \$4,500,000 which Comptroller Charles L. Craig said would have to come out of the budget before he would approve it.

Despite the apparent determination of the Administration at first not to let public education suffer in any respect as it did this year in making up the budget, the budget as now fixed will not be sufficient in a number of particulars, especially as regards teaching of English to foreigners in evening classes, according to a statement by Frances Perkins, secretary of the Council on Immigrant Education.

That statement points out that, while provision is made for 76,154 sessions, or about the same number as will have been held by the end of this year, the appropriation for the remainder of the year is only \$159,595, or about one-third of the amount needed to run these classes to the first of next year. Further, the statement points out, the classes have been able to go ahead this far only through transfer of funds from other evening elementary school items; that those items have been fixed in next year's budget at this year's figure less the transferred amounts, so there will remain no source from which to draw additional funds to take care of any increase over the anticipated 1922 attendance.

### WALLIS HEADS HYLAN CAMPAIGN COMMITTEE

Ex-Police Commissioner Be-  
comes One of Mayor's Aids.

Frederick A. Wallis, an unsuccessful candidate for the Republican-Coalition nomination for Mayor, became chairman of the Hyman general campaign committee last night. Commissioner of Immigration at Ellis Island by appointment of President Wilson, Mr. Wallis will be relieved of that position as soon as the nomination of Robert E. Tod for the post by President Harding is confirmed by the Senate. He resigned in May, but was requested to remain until October.

The appointment of Mr. Wallis will not clash with the authority of John H. Delaney, who is chairman of the city committee of the Hyman League and general manager of the campaign.

"After several talks with the Mayor, under whom I served as Police Commissioner," said Mr. Wallis, "and with many prominent citizens of both parties, I deem it my civic duty to devote all my time between now and November 5 to the reelection of the Hyman administration. Having been closely associated with the Mayor in an official capacity I have had the opportunity to study him closely. His honesty has made a deep impression upon me. He is one of the most faithful public officials I have ever met."

### MARIAN M'ARDLE IS FREED BY JURY

Daughter of Mrs. Kaber Ac-  
quitted in Murder Case.

CLEVELAND, Oct. 12.—Marian McArdle, twenty-year-old daughter of Mrs. Eva Catherine Kaber, was found not guilty of complicity in the murder plot of Daniel Kaber, her stepfather, by a jury to-day.

Miss McArdle was permitted to leave the courtroom free immediately after the jury reported.

The jury reported an agreement just before noon, after being out nineteen hours. When they failed to agree on a verdict late last night they were locked up in a hotel and resumed deliberation of the case at 8:30 o'clock this morning.

Eight ballots were taken, the three women members of the jury standing solidly for acquittal throughout.

### S. I. CANOEIST DROWNED.

Herbert Link, 19 years old, a clerk, who lived at 18 Sea View avenue, Dongan Hills, S. I., was drowned from a canoe yesterday afternoon near Midland Beach. Link was alone in the boat when the high seas and wind upset it. He was seen struggling in the water by persons in the colony between South Beach and Midland Beach. The body was not recovered.

## 8 CENT FARE FIXED FOR JERSEY LINES

Public Utility Commission's 7  
Cent Decision Overruled by  
Federal Tribunal.

Special Despatch to THE NEW YORK HERALD  
TRENTON, Oct. 12.—The price of a ride on the cars of the Public Service Rail-  
way Company, operating in 141 munici-  
palities in this State, was fixed at 8  
cents to-day by a special statutory Fed-  
eral tribunal. The New Jersey Public  
Utility Commission, which set the fare  
at 7 cents, is overruled.

The tribunal, consisting of Judge  
Woolley of the Delaware and Judge  
Davis of the New Jersey United States

Circuit Court and Judge Reistab of  
the United States District Court, was not  
unanimous in its findings, as Judge  
Davis filed a dissenting opinion.

A temporary injunction has been  
granted by the court restraining the  
Public Utility Commission from enforce-  
ing its order of July 21 last fixing the  
maximum rate of fare at 7 cents, with  
2 cents for each initial transfer. Under  
the decision the car company must sell  
four tickets for 30 cents or one ticket  
for 8 cents. Transfers are 1 cent each.  
The court provides that the company  
shall give each rider a receipt for the  
increased fare, so that in the event that  
the higher fare is not sustained on the  
final hearing the excess may be re-  
turned to the riders.

The theory of the court was that the  
rate of fare allowed by the utility com-  
mission actually results in confiscation  
of property in violation of the fourteenth  
amendment of the Constitution. Judge  
Davis maintained that the order of the  
commission was presumptively right and  
should not be disturbed unless it clearly  
appeared to be wrong.

Attorney-General Thomas F. McCran,  
who was a defendant in the suit of the

Public Service Railway Company, an-  
nounced later that the order of the  
court cannot become operative until a  
decree is entered, and that he had made  
application to be heard upon the making  
of the decree in order that the rights of  
the citizens might be protected.

"The fight has just begun," he said.

## DEMONSTRATION BEFORE U. S. EMBASSY IN ROME

Communists Protest Sentence  
on Sacco and Vanzetti.

By the Associated Press.

ROME, Oct. 12.—A crowd of Com-  
munists to-day attempted a hostile de-  
monstration in front of the American  
Embassy here as a protest against the  
sentencing to death of Nicola Sacco and  
Bartholomew Vanzetti, the Italians con-  
victed of first degree murder and an-  
ticipated to death in a Massachusetts court  
last summer.

The police finally dispersed the mob  
and made 100 arrests.

## SCHUTTE BOY HOPES FATHER IS PUNISHED

At Murder Trial He Says He  
Wants to See 'Everything  
Cleaned Up.'

Special Despatch to THE NEW YORK HERALD  
MINNEAPOLIS, Conn., Oct. 12.—Rudolph  
and William Schutte, sons of Emil  
Schutte, former constable of Haddam  
who is on trial for the burning of the  
home of Joseph Ball and the murder of  
three members of the Ball family in  
1915, were the principal witnesses against  
their father to-day before the Superior  
Court.

Both boys testified that they had  
heard their father say he never would

be able to sell a piece of property in the  
town of Haddam so long as the Balls  
were alive. William Schutte said he  
remembered that his father left home  
about 7:30 on the night of the murder  
and did not return until early in the  
morning. It was some time after mid-  
night when the house of the Balls was  
fired and the members of the family  
shot as they ran from the burning  
building.

William Schutte was cross examined  
by G. B. Carlson, chief counsel for  
Schutte. He asked the boy whether he  
wanted to see his father convicted of  
murder. William replied that he wanted  
to see "everything cleaned up."

"Do you mean by that that you want  
to see your father convicted?"  
"I do," the boy replied.

Edwin Shiller, who lived near the  
Ball home, testified that the shots which  
killed the Ball family were fired about  
12:30 o'clock, and were fired rapidly,  
as if from a pistol. Julius Schutte,  
another son of the defendant, previously  
had told of going with his father to  
the Ball home. He said that his father  
used a shotgun, and reloaded after each  
shot.

WHEN DO YOU  
WANT YOUR  
BUILDING?

If it's in the cards the  
Thompson-Starrett Com-  
pany can do it.
